

PROJECT NAME: Prescription Drug Abuse Strategic Education and Empowerment Project

RECIPIENT: Cedar City

LOCATION: Cedar City, Utah

PURPOSE: The requested funds under this project will be used to address rising trends in prescription drug abuse in the Cedar City Community. Specifically, this project will create media campaigns specific to the aforementioned needs and develop youth prevention and empowerment workshops. In addition, it will aid in the development of educational tools to be used by prevention and education institutions for perpetual use and implementation. This project will also include the development and implementation of a collaborative association network between pharmacies and healthcare providers as well as educational media targeting the training of volunteer corps, parents, educators, youth leaders, law enforcement, healthcare professionals, and other key officials and personnel.

AMOUNT: \$500,000
